

The chart displays a complex network of genealogical relationships, organized into columns and rows. Each entry typically consists of a name followed by a date in YY-MM format. The chart is annotated with several key elements:

- Page References:** Blue dashed boxes labeled 'p.1' through 'p.8' indicate specific pages or sections of the document. A red arrow points from 'p.2' to 'go to page 5.6.7.8'.
- Country Labels:** 'Holland' and 'Austria' are labeled in red boxes, indicating the geographical context of certain individuals.
- Annotations:** 'WVHH1' is written in red boxes. A yellow box labeled 'repeated' highlights a specific area. 'X' and 'XII' are also marked in red boxes.
- Flow and Connections:** Arrows indicate the flow of information or references between different parts of the chart, such as 'go to page 9' and 'go to page 9,11'.
- Textual Details:** Some entries include additional text, such as 'Wiederhol' and 'in Hessenrode, TaPa'.
